Jewel Tunnel Imports is a leading wholesale distributor of mineral specimens, crystals, fossils, tumbled stones and many different kinds of lapidary items like balls, eggs, jewelry etc. made from different minerals. They have a warehouse in excess of 10,000 sq. feet full of mineral-related natural history items, perhaps the largest of its kind in the United States. Check out their website: www.jeweltunnel.com.

Historically, Jewel Tunnel Imports has had limited special open house parties for mineralogically and geologically oriented groups such as the students and faculty of various university geology departments and members of certain gem and mineral societies. These open houses are by invitation only, on a few weekends just proceeding Christmas, and offer a chance for individuals belonging to these groups to buy minerals and crystals at wholesale prices and to learn something about the wholesale gem and mineral business.

Jewel Tunnel Imports is a wholesale only warehouse. This invitation to the members of the Pasadena Lapidary Society is only for the date of the open house. Members may pay for their purchases with cash, debit or credit cards. If you wish to return during the year to purchase items you will need to obtain your own resale permit from the California State Board of Equalization. The state sales tax will be charged. All sales are final.

Jewel Tunnel is located at 13100 Spring St, Baldwin Park, CA
